MARGO ROSÉ

2022 NIAGARA RIVER VQA

OVERVIEW

The 2022 Margo delivers a new approach and package, but continues to be the unique and exciting rosé that has made it so popular. For 2022, the wine is made predominantly from Cabernet Franc for the first time. The fruit is harvested early to create the lovely red fruit character, and fermented in stainless steel to preserve the freshness and acidity that are vital for this wine

This vintage is made from 70% Cabernet Franc, 20% Cabernet Sauvignon, and 10% Merlot.

TASTING NOTES

The enticing colour is attained with a very short exposure to the skins. Margo is delicate yet inviting, offering lovely aromatics of ripe red fruits, fresh flowers, pine forest and spring blossoms. Margo delivers beautiful fruit on the palate, along with the floral notes and an elegant, very subtle spiciness thanks to the higher proportion of Cabernet Franc. These complexities are wrapped in bright acidity and elegant texture to create an exceptional and memorable tasting experience.
