Winemakers Notes: Beautiful clean harvest of three year old fruit from Redtail Vineyard. Precocious and giving Pinot came in with high brix, no additives here, wild ferment. Everything about this wine is right now.

Be it a helping Hand in the vineyard or growing for each other, small craft wineries are working together to create expressive wines that speak of amazing people and their terroir.

The Grange of Prince Edward has been crafting wines here in the County since 2003. We are proud to collaborate with growers all over Ontario to create expressive terroir driven wines.
