Cases Produced	410 cases
Appellation	Niagara River
Residual Sugar	12.0g/L
Alcohol	11.8%
Titrateable Acidity	7.1g/L
pH	3.22
Time in Oak	n/a (Stainless only)

Winemaking Notes:

Harvested and pressed on October 3rd, 2022.

The must was then allowed to settle for a couple days before being racked and inoculated to begin the slow cold fermentation. It then spent 7 months in a stainless steel tank before being filtered and bottled in June 2023.

Tasting Notes:

With aromas of green apple and lime this is a classic aromatic Niagara Riesling. A well balanced palate with notes of mango, green apple, and some minerality. This is an easy drinking summer wine ready to drink now. Ageability 3-4 years. Pair with lemon and caper grilled halibut, chicken piccata or chopped broccoli apple salad dressed with cilantro and dijon mayonnaise
