Vessel Type:	100% neutral French oak puncheons
Fining:	None
Filtration:	None
Production:	379 (750mL x 12)
UPC	628318003041
SCC:	10628318003048

Winemaking Notes: The 2021 Sauvignon Blanc was harvested on September 4, 2021 from Ed Hughes vineyard in Vineland, Ontario. The grapes were gently pressed as whole clusters and the juice was settled naturally in stainless steel tank. After clarification, the juice was racked into neutral French oak puncheons for fermentation and aging. After 18 months of aging, the wine was transferred into stainless steel for natural clarification in April of 2023. The 2021 Sauvignon Blanc was bottled on May 31, 2023 without fining or filtration on its natural lees.
